Refund Policy

HLS reserves the right to cancel or postpone a class that does not meet minimum enrollment. Unless a class is canceled by HLS, the \$100 registration fee is non-refundable. However, if a course applicant becomes unable to attend a course they had registered for, the registration fee can be held for one calendar year from the start date of the original course registered for.

For the remaining tuition, the refund policy is as follows:

Up to 1 week before class starts	100%
1-6 days before class starts	75%
After class starts	25%
<p>Note: Instead of a refund, applicants can choose to leave their balance paid to HLS to use for another class within 1 calendar year from the start date of the class originally applied for.</p>	

HLS reserves the right to remove any participant who interferes with or causes disruption in the learning environment. Refunds will not be issued to participants who are removed.

Certificates of Successful Completion

A Pre-Test and a Final Test will be given to measure participants' improvement before and after the training. **Certificates of successful completion will be awarded to participants who score 70% or better on the Final Test.** Participants will be notified via email about their test results within one month of completing the course. Certificates will be mailed within two months after the training.

Participants who do not pass the Final Test are permitted one retake within a 3-month period. If a participant does not pass the Final Test after the permitted re-take, CCHCP will not issue a certificate of successful completion.

Students must attend all hours of the training and pass the Final Test to earn a certificate of successful completion. This certificate can be used as proof of training for national certification and other bodies that require proof of training.

Receiving a BTG certificate of completion is proof that a participant is a trained medical interpreter. In order to become a nationally certified medical interpreter, participants who successfully complete the course should take and pass national certification exams through the National Board of Certification for Medical Interpreters (www.certifiedmedicalinterpreters.org) or the Certification Commission for Healthcare Interpreters (www.cchicertification.org). Some states may have their own state certification exams to be a state-certified medical interpreter.

Language Coaching

In addition to the 40-hour BTG curriculum, the training by HLS includes time reserved for interactive, in-class, practice opportunities. Whenever possible, HLS also provides experienced language coaches for each attendee's specific language. Submitting the application sooner than later increases the odds that a coach will be available and applicants will be notified before completing registration.
